ANDERSON KALEP AGUILAR CACHAY

Yesterday my mother asked me to turn on the TV to watch the news in Willax. The report said that many people protested in Piura against the president and Guido Bellido becouse of the rise of the Price of some products like the kitchen. The professional journalist named Philp told us that people were not only protesting by the price raise, but also the connections and some speculation between the president and some congressmen with terrorism. My mother quickly chage the chanel and she said that this news wer not true, but I follow the report on Facebook and the journalist said that many people had sent him many potos about the rise of the prise and videos about the protest.

Time later my father asked me where to watch the news about this protest, but my mother told him where to watch the news, but with another point of view. My mom told us that there were a lot of people watching the news and that these people had lied.
